These files may be copied for personal use, but should not be published or further distributed without written permission from the Vernacular Architecture Group. Always access these tables via the VAG website. Unauthorised copies released without prior consent on search engines may be out of date and unreliable. Since 2016 a very small number of construction date ranges from historical sources have been added. These entries are entirely in italics.

Before using the index you are recommended to read or print the *introduction and guidance*, which includes a key to the abbreviations used on the tables

### CORNWALL

County	Felling date range	Placename	Address	VA ref HE ref Other refs	Description / keywords	NGR
Cor	1285 -1317	Pelynt	Pennellick	50.106 Oxf	Main block is a 3-bay hall spanned by 2 'Cornish' base-cruck trusses, originally with square-set plates, short queen struts.	SX 201534
Cor	1320 -52	Morwenstow	Rectory Farmhouse	50.105 Oxf	Southern hall has 4 smoke-blackened base cruck trusses, upper principals same scantling as blades. Threaded purlins (not plates) trapped by queen struts. A single smoke-blackened base cruck truss in N portion (undated) includes square-set plates.	SS 205152
