

INDEX OF TREE-RING DATED BUILDINGS IN ENGLAND COUNTY LIST approximately in chronological order, revised to VA51 (2020).

© Vernacular Architecture Group 2021

These files may be copied for personal use, but should not be published or further distributed without written permission from the Vernacular Architecture Group. Always access these tables via the VAG website. Unauthorised copies released without prior consent on search engines may be out of date and unreliable. Since 2016 a very small number of construction date ranges from historical sources have been added. These entries are entirely in italics.

Before using the index you are recommended to read or print the *introduction and guidance*, which includes a key to the abbreviations used on the tables.

SHROPSHIRE

County	Felling date range	Placename	Address	VA ref HE ref Other refs	Description / keywords	NGR
Shrop	1200-1221	Wistanstow	Holy Trinity Church	28.161 Oxf (1)	Transept. Sole plate, ashlar piece, coupled rafters with soulaces and collars, lap joints. (Also see 1627).	SO 433856
Shrop	1212 -42	Cleobury Mortimer	Church of St Mary the Virgin	38.99 MB RDR 29/2007	Porch. Coupled rafters. Sole pieces with cogged joints across central T-section wall-plates, having halved joints to the ashlar and rafters. High-set collar with notched lap joints. Rafters halved at apex.	SO 674758
