

INDEX OF TREE-RING DATED BUILDINGS IN ENGLAND
NATIONAL LIST approximately in chronological order, revised to VA51 (2020).

© Vernacular Architecture Group 2021

These files may be copied for personal use, but should not be published or further distributed without written permission from the Vernacular Architecture Group. Always access these tables via the VAG website. Unauthorised copies released without prior consent on search engines may be out of date and unreliable. Since 2016 a very small number of construction date ranges from historical sources have been added. These entries are entirely in italics.

Before using the index you are recommended to read or print the *introduction and guidance*, which includes a key to the abbreviations used on the tables.

1450 -1499

Place holder	Felling date range	County-historic (later)	Placename	Address	VA ref; HE ref; (other ref)		NGR
1450	1436 -64	Dors	Holwell	Church of St Lawrence, The Borough	35.73 MB CfA 17/2004	Wagon roof having 32 coupled rafter trusses with arch braces and <i>collars</i> .	ST 699119
