

**INDEX OF TREE-RING DATED BUILDINGS IN ENGLAND**  
**NATIONAL LIST approximately in chronological order, revised to VA51 (2020).**

© Vernacular Architecture Group 2021

These files may be copied for personal use, but should not be published or further distributed without written permission from the Vernacular Architecture Group. Always access these tables via the VAG website. Unauthorised copies released without prior consent on search engines may be out of date and unreliable. Since 2016 a very small number of construction date ranges from historical sources have been added. These entries are entirely in italics.

Before using the index you are recommended to read or print the *introduction and guidance*, which includes a key to the abbreviations used on the tables.

**1550 -1599**

Place holder	Felling date range	County-historic (later)	Placename	Address	VA ref; HE ref; (other ref)	Description / keywords	NGR
1550	1536 -63 ?	Cumb	Heslington	Sizergh Castle	31.120 Sh	Rural. <i>Stone</i> . Pele tower. This date is for roof. (Also see 1530 -64).	SD 499879
